# HAKAN TAŞKIRAN

Animator - Project Designer - Director

A long-time resident of this small blue planet, Hakan Taşkıran decided to live within the cartoons he watched as a child.

He grew up quickly to fulfill that dream, contributing to numerous projects as an animator, illustrator, and animation director.

Currently serving as an Animation Director for a cartoon series, he continues to weave narratives in his favorite genre, science fiction a field he explores with a sense of childlike wonder.

Hakan is a proud member of SETEM (Cinema and Television Artifact Owners Professional Association) and SEF.
